Professional Experience

MGH Outpatient Pharmacy - Boston, MA

Feb 2025 - Present

Certified Pharmacy Technician

- Process medication orders through electronic medical record and pharmacy information systems, maintaining accurate patient and prescription records.
- Assist with third-party insurance processing and prescription coordination for discharge medications when applicable.
- Prepare, package, and mail an average of 450 prescription orders per month, ensuring accurate labeling, proper documentation, and compliance with pharmacy, shipping, and HIPAA requirements.

Cavicchio Greenhouses - Stoneham, MA

Jun 2022 - Sep 2023

Field Merchandiser

- Maintain consistent attention to detail by ensuring live floral displays remain fresh, visually appealing, and well-presented.
- Demonstrate reliability and time management by completing scheduled watering and care routines for plants and floral merchandise in a timely manner.

Chewy - Boston, MA

Jul 2021 - Apr 2022

Software Engineer

- Enhanced click-through rate by 23% on certain customer queries on the Chewy site, through collaborative A/B testing initiatives in tandem with design teams.
- Sustained Chewy's top rankings for pet-related queries on Google by refining search results and optimizing breadcrumb navigation in Kotlin.
- Ensured comprehensive inclusion of all new product and promotional pages in search results by rectifying any discrepancies in sitemaps discovered by ScreamingFrogs.

NormaTec

Jul 2019 - Dec 2019

Junior Desktop Support Technician

- Ensured uninterrupted network functionality and user connectivity by effectively resolving network connectivity, switches, Wi-Fi, LAN/WAN, DNS, DHCP, TCP/IP, VoIP, and VPN issues.
- Streamlined troubleshooting processes by maintaining detailed documentation using Jira and Confluence.
- Successfully led technology implementation projects, including the deployment of a new inventory management tool for tracking system assets.
- Provided comprehensive Level 1-2 IT support and addressed hardware and software issues on operating systems, desktops, laptops, email, phones, printers and scanners.
- Facilitated the onboarding and offboarding procedures for new and departing employees by configuring and decommissioning Windows 10 and MacOS X systems.
